

Enrolled Student

120 hours

20 hours for
college activity

20 hours for
university level
activity

80 hours for
area based
activity

In each type of the activity volunteer has to complete the stipulated minimum hours, without that his/her name will not be included in 120 hours list.

For example:

1. A volunteer has following hours completed:

College level activity: 23, University Level Activity : 27 Area based activity 1: 42 Area based activity 2: 43

Total hours for which worked: $23 + 27 + 85 = 135$. His/her name will be included in the list.

2. A volunteer has following hours completed:

College level activity: 32, University Level Activity : 16 Area based activity 1: 48 Area based activity 2: 57

Total hours for which worked: $32 + 16 + 105 = 153$. His/her name **will not be** included in the 120 hours list as minimum hours in university level project are not completed.

120 Hours list is Proforma VII.

In the first year of NSS, volunteer completes 120 hours. In the second year after completing 120 hours, his/her name will be included in 240 hours list.

240 hours list is Proforma XX.

The name of volunteer in second year of NSS should be available in 120 hours list as well 240 hours list with confirmation of participation in 7 day's residential camp. (Camp information is entered in enrollment form by the student)

Program officer has to certify the 120 hours list after checking the category wise distribution of work hours.

So we need a mechanism to check it.

IS it possible to proceed in following manner:

Volunteer using his login enters the hours under specific head of activity.

PO approves the hours entered by the volunteer.

After completing minimum 120 hours the name is entered in the 120 hours list by the software.

The PDF file as in proforma VII and Proforma XX should be generated by the system and it should be downloadable file.
